AKINOLA TESTIMONY SAMUEL

Lagos State, Nigeria | +234 813 103 7004 | testimonyakinola95@gmail.com

PROFESSIONAL PROFILE

Cybersecurity undergraduate at Osun State University with practical exposure to Linux/Ubuntu administration, AWS services, Docker, Git/GitHub and application deployment. Currently undertaking SIWES training in the Technology Department at eTranzact International Plc. Interested in developing skills across cybersecurity, cloud infrastructure and DevOps, with a strong willingness to learn and contribute to technology teams.

EDUCATION

Osun State University (UNIOSUN) — B.Sc. Cybersecurity

2024/2025 Academic Session – 2028 (Expected)

Prime Focus Schools

Secondary School Education — Completed 2024

TECHNICAL SKILLS

- Linux / Ubuntu fundamentals and command-line operations
- Amazon Web Services (AWS): EC2, S3 and AWS CLI
- Docker: image building, container management and deployment workflows
- Git and GitHub: source-code version control and repository workflows
- Cybersecurity fundamentals
- MobaXterm and SSH for remote server access
- HTML and CSS fundamentals

TRAINING EXPERIENCE

eTranzact International Plc — SIWES Trainee, Technology Department

August 2026 – Present

- Gaining practical experience with Linux-based environments and remote server administration.
- Participating in Docker image creation, container management and application deployment workflows.
- Learning to package applications and work with deployment artefacts, including TAR and JAR files.
- Building familiarity with development and production environments and the movement of applications from local machines to servers.
- Observing and inspecting frontend interfaces while supporting technology-team learning activities.

CERTIFICATION

Cisco — Introduction to Cybersecurity

CAREER INTERESTS

Cybersecurity • Cloud Computing • DevOps • Linux Systems Administration
